Maldives liveaboards: M/Y blue Voyager...

Originally sailing as a blue o two fleet vessel in the Red Sea, **M/Y blue Voyager** now welcomes 26 divers on board to sail the pearls of the Indian Ocean, the magical islands of the Maldives.

Refurbished in 2015 ready for her move to the Maldives, **M/Y blue Voyager** is a 37 metre, steel hulled vessel that boasts three spacious double and ten twin cabins. She features a separate outdoor dining area, bar and sky lounge, as well as a Jacuzzi.

M/Y blue Voyager benefits from a separate tender and diving dhoni which allows for the best use of space on the liveaboard to explore the pearls of the Indian Ocean in comfort. The vessel is also equipped with a nitrox membrane and charging station.
